**From President’s Desk**

We’ve only just begun.

Our roots are strong and deep. They go back to 1941 when my grandfather Late shri Sankalchand Patel started a school in the barren land where education was not accessible for children.

Today, three-quarters of a century later, we’ve become a leading educational institution in the northern Gujarat which now has become a University.

As we celebrate our 75th anniversary, we’ve only just begun. In fact, Sankalchand Patel University, a bookey of 13 colleges of Nootan Sarva Vidyalaya Kelavani Mandal, Visnagar is growing faster than ever. Our Trust is standing out by providing quality education and a bright future to the students.

We are committed to our vision of helping the community through effective education and successful career which ultimately resulted to social improvement and reformation. And with Sankalchand Patel now being a University, we are one more step closer to fulfilling our vision.

Today I invite you to be a part of the SPU family. Let’s bring the reformation together!

**Words by the visionary**

Merely being literate is not enough. The population that can envisage is good but the population that knows what to conceive is better.
